

glitter effect

tip
To make the glitter bunnies, draw one on a sheet of plastic or thin cardboard, to use as a stencil to draw the outline on the wall. Then use Wattyl Interior Design Features & Effects Silver Paint Crystals to create a shimmering effect. Simply add the crystals to Wattyl Interior Design Features & Effects Crystal Clear glaze for a touch of glitter. For more information, grab a copy of our Wattyl Interior Design Features & Effects Inspiration, Colour and How-To Guide at your local Wattyl stockist or online at www.wattyl.com.au
