Red Centre

The rich, weather-beaten colours of our ancient heartland provide the perfect colour palette for modern living.

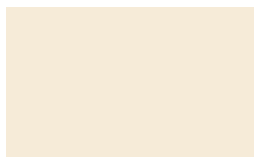

The sunburnt, deep oranges and dusk inspired greys of our Red Centre create a sophisticated colour scheme, with a warm off-white on the main walls. Textured fabrics and deep timber tones complement the colours to give a warm, modern look. Use Roasted Capsicum or Sheer Granite on a feature wall and co-ordinate it with Lushious White on your remaining walls.

Barrier Blues

The soft, soothing colours of our coastline create a calming, relaxing room.

Shimmering, blue water and aged driftwood provide the perfect balance in this colour scheme. The blues have a calming effect and work perfectly with warm neutrals and soft whites.

Doe White is a beautiful wall colour, co-ordinated with Paradise Bay or Breezy Day in accessory tones.

Urban Scapes

The streetscapes of our cities, with concrete shapes and colourful street art give this traditional room a modern edge.

Deep charcoal colours are the perfect complement to warm, honey tones and decorative fabrics and ornaments. Use a picture board to add pattern and texture, and a warm off white for accessories. Middleton Stone is a fantastic feature wall colour, with Confetti Shower on your remaining walls. Pick out accessories in warm yellow tones such as Orb.

Dividing Range

The soft, weatherbeaten shades of mountain stones create a sophisticated living space.

Take colour clues from our roughly weatherbeaten landscape. The monochromatic scheme of warm, green based browns, offset with a soft off white create an easy living space that can be accessorised with texture and natural motifs.

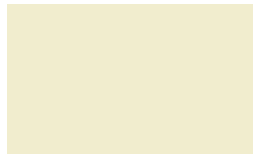

Use Rock Oyster as your main wall colour with Deep Linen as your trim. Feature walls or accessories can be matched to Urban Grey.
